

COMMUNITY PRIDE DESIGN AWARDS

2009

CALL FOR NOMINATIONS

Good design is a collaborative effort involving many diverse perspectives including developers, architects, builders, and community members. Clark County and the city of Vancouver recognize this effort annually with the Community Pride Design Awards. The awards recognize outstanding and unique projects that enhance the livability of the community and demonstrate quality development throughout Clark County.

Since 1996, more than 100 projects representing a broad range of categories including commercial, industrial, residential development, public facilities, and restoration have received the award. If you know of a project in your community that deserves recognition, please complete the attached nomination form by July 31, 2009. To be eligible for this year's award program, projects must have been completed in 2008 or by June 30, 2009.

A public awards ceremony to recognize the selected projects will be held on November 13 at 2:30 p.m. in the Public Service Center. All are welcome to attend.
